Gross, York County, president of the Master Farmers' Association, and Dr. Russell Larson, new director of the Agricultural Extension Service at PSU, was introduced.

The general presentation ceremony was presided over by Dr. Lyman Jackson, dean of the College of Agriculture at PSU. Two hundred ten persons attended.

Changes Are Made In House Leadership As New Session Convenes; Hear JFK Thursday

By JACK BELL

WASHINGTON (AP) — The 87th Congress begins its new session today with President Kennedy plugging for early action on his domestic program and trying to soften foreign policy criticisms.

With only organizational matters to be disposed of, the Democratic-controlled national legislature will mark time until Thursday when Kennedy delivers in person his State of the Union Message.

In the House, Rep. John McCormack, D-Mass., takes over the speaker's gavel, replacing the late Sam Rayburn, D-Tex. Rep. Carl Albert, D-Okla., steps into McCormack's shoes as majority leader.

2 GOP CHAIRMEN

In the Senate, Republicans choose between Sens. Bourke B. Hickenlooper of Iowa and Leverett Saltonstall of Massachusetts to fill the chairmanship of their party policy committee vacated by the death of Sen. Styles Bridges of New Hampshire.

Kennedy's outline of world conditions and his domestic proposals probably will touch off explosive partisan reaction in an election-year session likely to be steeped in controversy.

Few expect the President to be more than minimally optimistic in his report on the prospects for easing international tensions in 1962.

He is likely to bear down in his message on a request for broad authority to revise American tar-

Heavy Snow, Bitter Cold Grip Most Of Country; Many Deaths Reported

By THE ASSOCIATED PRESS

A mass of bitter cold weather held wide sections of the country in an unyielding grip today.

Hundreds of schools were forced to close because of the weather. The train on over-taxed heating facilities—mostly by natural gas—was astronomical.

Scores of deaths were attributed to the weather. Some of the deaths were caused by over-exertion and others in traffic accidents resulting from ice, snow-covered surfaces.

YOUTH NEEDS DISCUSSED BY SOROPTIMISTS

Miss Janet White, January "co-ed of the month," was introduced to members of the Soroptimist Club Tuesday evening at the Lamp Post Tea Room by Mrs. Henry T. Bream, chairman of the service objectives committee. Miss White was selected as an outstanding Senior student of Gettysburg High School. She is a daughter of Mr. and Mrs. George White, president of Girls' Athletic Association, member of Student Council, on the staff of the Maroon and White Cannon Aid, winner of DAR citizen award and is preparing to enter college next year for a liberal arts course.

Mrs. Helen Tunison, Adams County extension home economist, moderator, and panelists Mrs. Alice Padlock, teacher at Gettysburg Day Care Center; Richard Straup, guidance counselor, Fairfield High School; Miss Lenore Cronlund, and Fred Tilberg, sophomore and senior, respectively, at Gettysburg High School, discussed "Basic Needs of Youth."

Focusing their remarks on such needs of young people as to establish their independence, learn about self and one's abilities, prepare for a vocation, develop new attitudes toward friends of both sexes, have an opportunity for new experiences, build democratic attitudes and values and to have recognition through love, approval and security, Mrs. Tunison and the panel members pointed out ways to encourage a young person to gain such goals.

It was observed that many young people need more encouragement not only from parents and teachers and pastors, but by their own age group. They need to be urged and sometimes goaded by their peers into participation in the many opportunities that now exist for their normal healthy development.

Mrs. Henry T. Bream was toastmistress for the dinner meeting and, in expressing gratitude for the group's presentation, challenged the members of the Soroptimist Club, serving in executive capacities in their various business and professional fields, to be "exemplary of reaching for the highest values for themselves for good citizenship and service so that they might add more encouragement and provide the example to young people of our day."

Miss Virginia Myers was chairman of the committee who planned the dinner, Dr. Elizabeth Gregg, president, made brief remarks.

Photographic Society Meets

Preliminary plans for the annual Ladies' Night and print-of-the-year judging in April were outlined Tuesday evening at a meeting of the Gettysburg Photographic Society at the home of Maurice Stoops, Buford Ave.

Nine prints made by members were judged with first place awarded to Laverne Deitz, York; second, Dr. Allen Sloat, and third, Edward Stine.

In connection with the meeting to be held February 6 at the home of David Garfinkle, the members decided to all make prints from copies of a single negative provided by a professional concern and then judge the completed prints.

The club discussed the interest of many persons in photography and voted to lend their services to provide information either on equipment or techniques to anyone who may wish such assistance. Those interested are asked to call the president, Dr. Frederick Tilberg.

TEEN CENTER TO OPEN HERE JANUARY 22

Plans to open a "teen center" on a regular basis with a dance January 20 to raise funds for the March of Dimes were outlined Tuesday evening at a meeting of the adult and youth committees for the center at the American Legion Home, Baltimore St.

With 578 teen-agers attending three dances held at the proposed center on the third floor of the American Legion home during the Christmas holidays the group decided to take the next step to establish a center here.

A spokesman said, "What happens is up to the teen-agers. If they want it and are active in it, it can grow. If they don't want it it will be discontinued. There will be adult supervision but the teen-agers will have to help."

Among the rules adopted by the committee is "no smoking, yelling or boisterous carrying on."

The teeners hope the center will eventually come under the recreation program.

At Tuesday's meeting it was decided to make the present program strictly "teen-age." The ages for participants will be 12 to 18. All over 18 are barred as participants. To secure funds, a Teen-er Club will be formed with dues set at \$5 a year, payable as lump sum or at \$1 a month for five months. The youth committee reported it had checked similar organizations in Baltimore and Chambersburg and found the annual dues of those groups averaged \$15 a year.

The report of Treasurer Jean Bowling showed the organization has \$66.51 remaining after paying bills from \$109.71 collected in donations at the dances held during the holidays.

CLUB IS TOLD OF GUIDANCE WORK AT GHS

The guidance program at Gettysburg High School was outlined by the counselor, Miss N. Louise Rader, to the Exchange Club at a meeting Tuesday evening at the Lamp Post Tea Room.

Miss Rader said that the program provides six services: Group information, knowing and understanding the individual, counseling, placement, follow-up and services to staff members.

She reviewed the program which a student in the Gettysburg public schools must go through. Individual records are kept for the student in the first six years, and then another file is started when he or she reaches Seventh Grade. At this stage, she said, a student is given a personal interview and a questionnaire to fill out which has nearly 100 questions. All the answers are kept in strict confidence. After this comes the cumulative record and report cards, the prior report being very compact and concise.

In the later years, she said, a broad and comprehensive testing program is administered. "We give few aptitude tests because they usually are not too reliable. Other tests of importance to the student are the college entrance examination board and the Bureau of Employment Security tests. The school is participating this year in the national testing program for Seniors."

In addition, she said the student is given complete eye, teeth and physical examinations several times during the course of the student's stay at school. School regulations call for one guidance counselor for every 250 students. At Gettysburg High School, she said, there is one counselor for 670 students. This is the reason she gave as having very little time for followup work on the student after he or she leaves high school.

Twenty-four members attended with President Ralph K. Will, presiding. Robert Ziegler, chairman of the ladies' night committee, announced the event will be held February 13 at the Five-Star Restaurant.

Will announced that the club has been invited to the annual Heart Association dinner to be held February 12 in the high school cafeteria.

Wayne Kump, electrification administrator at the REA, was inducted into the club by the past district governor, John J. Slentz.

other mutual organizations which was provided to the House Ways and Means Committee in Washington, which will be considered by the present session of Congress. Bankert said, "We consider the Treasury Department's study to be an excellent appraisal of the present inequitable tax situation among competing financial institutions."

He pointed out that the average association which is a member of the Federal Home Loan Bank paid \$271 in federal income tax in 1960, or less than 0.5 per cent of its net income, after dividends paid to shareholders. At the same time, the average insured commercial bank in Pennsylvania paid \$103,908, or 37.0 per cent of its average net income.

COULD HIKE REVENUE

Bankert added, "The Treasury Department estimates that, if the tax loophole benefiting savings and loan associations and other mutuals were closed, the government would realize almost \$400 million in annual revenue, which is more than 10 per cent of the additional defense expenditures recommended by the President."

He stated that banks throughout Pennsylvania welcome fair competition, which has made the American economy the greatest in the world. "That is why we support the Treasury's position and why we are urging our senators and representatives in Congress to remove the tax subsidy enjoyed by savings and loan associations, so that financial institutions and businesses can compete on equal terms," he concluded.

Gen. Stackpole Purchases Old War Journal

The Army-Navy Journal, established in 1963 to serve the armed forces of the U.S., announced in its January edition, now the Army-Navy-Air Force Journal, that the weekly publication has been purchased by The Military Service Publishing Co. of Harrisburg headed by Lt. Gen. Edward J. Stackpole, author of "They Met At Gettysburg," and other Civil War books and well known here.

General Stackpole's firm is the foremost publisher of books on military subjects in the nation and also publishes "The Civil War Times," which has offices in Gettysburg. In its first issue August 29, 1963, the publishers of the Army-Navy Journal announced that it is "established in the interest of no party — it will be controlled by no clique. Its independence will be absolute."

General Stackpole in his statement as the new owner said, "We pledge ourselves to serve that cause to the best of our ability without fear or favor." He reported plans to extend coverage, use more photographs, color and new features in the early future.

FINE WAR SERVICE

The former owners continue to guide the Journal with Lefty Whitman continuing as editor-publisher; Mrs. Dorothy Cone Brown as president and compiler and Daniel Z. Henkin as assistant editor.

General Stackpole, a native of Harrisburg, served as a captain of Infantry in World War I in France, was wounded three times and hospitalized for two years following the war. Between wars he was active in the National Guard and served as a line brigadier general in World War II. After that he reorganized the Pennsylvania National Guard and served as commander of the 28th Division for two years before retirement in 1947.

HARRISBURG (AP)—The stork is busier than usual this year in the anima pens at the State Farm Show.

Eight calves were born in the first two days and the two days preceding the show.

Veterinarians said the number was unusually high for so early in the week. New arrivals tend to come toward the end of the show.

Today's Talk

THE CONVENTIONAL NOBODY

We are to a very large extent governed by standards, whereas we should be inspired by them to higher and newer standards. We are born with equipment. It is a sacred heritage. It is personal, individual and unique to us alone.

Leaders value this equipment, are jealous of it—fight and give their life and sacred honor to keep it as elemental, clean and simple as is possible.

Yet so bound by slavery are most people that they can see little good and worth in the one who defies tradition and convention and lives a life that is honestly his own.

The crowd somehow never seems able to understand that he who lives his own life most serves other lives best.

To pass judgment upon one you do not understand is like operating on a human being without a spark of knowledge of surgery.

There is nobody quite so much a nobody as he who doesn't own his life—or even have it out at rental!

Jesus was perhaps one of the most unconventional men who ever lived. He was always talking about being about His Father's business, thus always disappointing those who heckled and sneered at His works. His was a task to help, to cheer, to guide, to make happy. "The Sabbath," He once said, "was made for man."

There is something strangely inspiring about the man who refuses to fail, who believes in his gifts, who is not afraid to risk and dare.

Tomorrow Mr. Adams will talk on the subject: "Values"

INFLATION AND THE WIFE

I've given up! All hope is vain;
And 'tis the sorrow of my life
I have no words which can explain
Inflation to my lovely wife.

No speech have I at my command
To these strange domestic scenes
And get my wife to understand
Precisely what inflation means.

I've tried a dozen times or more
To tell her what it's all about,
And still she questions, as before,
And still she shakes her head in doubt.

"The times are out of joint! Oh spie!"
As Shakespeare said. This inter-
venes,
Now I must struggle every night
Explaining what inflation means.

I've given up! Too great the task;
And yet tonight I know again
At dinner time she'll smile and ask
If I can make inflation plain.

Heavy Snow

(Continued From Page 1)

cold and high winds had brought the greatest demand for heating gas in company records.

Heavy snow and continued bitter cold forced the closing of schools in Michigan from the Mackinac Bridge to the Indiana line.

40-MILE WINDS

Secondary roads remained snow packed in Indiana and principal roads in the northern portion were mostly subzero.

In Missouri and Kansas, snow fell in scattered sections, in many areas driven by 40-mile winds. Drifting posed a serious problem and readings hit -8 in both states.

The extreme cold also forced closings of schools in Iowa and high winds drifted snow on scores of roads. Temperatures dropped so low in the state, school buses with winter equipment found it too cold to operate.

Colorado school officials estimated that less than one-fourth of the state's 450,000 elementary school children attended classes Tuesday. Estes Park had the state's lowest reading, -34.

4-FOOT DRIFTS

In western New York State Tuesday, highway crews fought to clear roads blocked by a snowfall that reached a depth of two feet in places. In some areas, drifts up to four feet were reported. Some schools were closed and travel disrupted.

Western Pennsylvania got a little snow, but temperatures ranged around the zero mark.

A wide section of the South was under snow that ranged up to 8 inches in depth. The snow forced closing of roads 100 miles from the Gulf Coast in Alabama and in Mississippi, northern Georgia, the Carolinas and Tennessee.

Schools in many counties were ordered closed and in Mississippi a state holiday was declared because of the inclement weather.

A wild blizzard driven by winds of 32 miles an hour pushed into the Texas Panhandle, bringing a serious threat to vegetable and citrus growers in the lower Rio Grande Valley.

In Northern California, an unseasonable warm spell produced a reading of 73 degrees in San Francisco.

Vernon Straley, were united in marriage on Saturday at 2 p.m. in St. Joseph's Catholic Church, Bonneville. Rev. Fr. Louis J. Forgeng, pastor, performed the double-ring ceremony. Mrs. Bernard Walter, church organist, presided at the console. The church was decorated in keeping with the holiday season.

The bride, who was given in marriage by her father, was attired in a waltz-length gown of white Chantilly lace, featuring a round scalloped neckline edged in sequins; long sleeves ending in points over the hands; a fitted bodice and a bouffant skirt accented with four tiers of lace. Her fingertip-length veil of net fell from a crown of seed pearls. She carried a bouquet of white carnations and pompons with white ribbon streamers. Her only jewelry was a pair of crystal earrings a gift of the bridegroom's mother.

The bride was attended by her sister, Miss Dorothy Storm, Gettysburg R. 5, as maid of honor. She wore a street-length dress of light blue nylon, styled with short sleeves, satin cummerbund and a full skirt. Her long gloves, hat with nose veil and other accessories were of royal blue. She carried a bouquet of pink carnations and pompons with pink satin streamers.

CAUSE OF ACCIDENTS

By an equally one-sided margin — 162-48 — they designed the modern hard plastic helmet, with its big face bars, as the No. 1 cause of accidents on the field.

In commenting on the incidence of injuries 69 specifically listed changing helmet construction as the first thing that must be done for the protection of players. The second suggestion was for stricter enforcement of rules against rough play, particularly against piling on a runner after he has been downed. That came from 39 experts.

OLD PROS LEAD SYRACUSE WIN

PHILADELPHIA (AP) — Old man Joe Graboski, an unheralded veteran of 12 years in the National Basketball Association, and Al Bianchi, another Syracuse reserve seldom in the limelight, finally had their day in court—basketball court, that is.

The two, subbing for the injured Dolph Schayes and Larry Costello, focused attention on the importance of reserve strength.

Coach Alex Hannum of Syracuse had plenty of compliments for the pair after the Nats defeated Philadelphia 129-120 Tuesday night in the nightclub of a Convention Hall doubleheader.

REBOUNDING FACTOR

"The reason we won," said Hannum, "was Bianchi and Graboski—and our rebounding."

The Warriors' reserve strength couldn't match the Nats.

Graboski, a former Warriors' player scored 12 points. Bianchi finished with 19 points.

In the opener of the doubleheader, Detroit whipped St. Louis 122-113 as the Hawks had a poor shooting night.

At Indianapolis, in the only other NBA action, Oscar Robertson pumped in 33 points as Cincinnati turned back the Chicago Packers 113-106.

CASSINI BACK TO TWIST IN SPRING DRESS

By JOY MILLER

Associated Press Women's Editor
NEW YORK (AP) — While a piano tinkled the rhythm, and 200 fashion writers beat time with their hands, Oleg Cassini gave a spirited exhibition of the Twist.

The impromptu dance came a short time after the debonair designer started showing his spring collection Tuesday in the second day of the New York Couture Group's press week.

It seemed Cassini might be his old worldly, wisecracking self again, after a year of decorous behavior befitting the designer for Jacqueline Kennedy.

He settled to everyone's satisfaction that he was returning to his first love: the curvy, figure-hugging fashions that had been his trademark. His year's flirtation with the easy-fitting, over-blouse styles the First Lady often wears was ended.

MOST MADCAP

Then he suddenly waved a model from the stage, and leaped into an energetic, yet elegant, rendition of the twist.

Later he twisted again, this time with a model wearing his most madcap invention—a red crepe sheath covered from shoulder to hem with free-swinging strips of fabric.

"I still have a little success here and there with girls," he said.

Cassini's virtuoso performance overshadowed the earlier collections of Luis Estevez and Arthur Jablow.

Estevez earned some gasps with necklines slashed to the waist.

Jablow's David Kidd produced well-mannered suits with matching or contrasting silk blouses.

Elderly Couple Is Killed In Accident

The driver of the tractor-trailer, Arthur Dunn, of Sharon Hill, Pa., suffered a bruised leg. He was not hospitalized.

10 MEN FACE CHARGES OF CAGE BRIBES

RALEIGH, N.C. (AP) — Ten men, including a major gambling king pin, face trial on 65 charges resulting from the nationwide basketball point-fixing scandal.

The Wake County Grand Jury returned the true bills Tuesday which mentioned for the first time games played in the Atlantic Coast Conference Tournament and the defunct Dixie Classic.

The action brought the number of players involved in the current scandal to 38 from 23 colleges.

Bonds of \$10,000 each were set for Dave Louis Goldberg, about 46, and Steve Lekometros, 39, both of whom were arrested Tuesday night in St. Louis, where they live. They refused to waive extradition.

TOP "BACKER"

Each was indicted on 34 counts of actual bribery, attempted bribery or conspiracy to bribe.

The indictments listed 10 games involving North Carolina State College from Dec. 5, 1959, to Jan. 7, 1961. State players Don Gallagher, Anton Muehlbauer and Stan Niewierowski were mentioned in the indictments. They were not charged.

The games included the South Carolina-N.C. State game played in the first round of the ACC Tournament of 1959. The indictment mentioned Mike Callahan of South Carolina as having been offered \$1,000 to influence the game's outcome. State won 75-72. No South Carolina player had been mentioned previously in connection with the scandal. Callahan was not charged.

Chalmers said Callahan refused the bribe.

OTHERS INDICTED

The State-Dayton game in the Dixie Classic of 1959 also was listed. The indictment said Gallagher was paid \$1,000 to shave points. Dayton won 36-32.

Goldberg, Lekometros and Joseph Eugene Greene, Aaron Wagman, and Joseph Hacken, all of New York City, were indicted in connection with all 10 games.

Others indicted were Jake Israel and Paul Walker of New York, Frank Cardone and Morris Heyson, both of Pittsburgh, and Pete J. Martino of Biloxi, Miss.

NFL TO SIGN \$9 MILLION TV CONTRACT

By JACK HAND

Associated Press Sports Writer MIAMI BEACH, Fla. (AP) — Commissioner Pete Rozelle of the National Football League was expected to sign a new \$9.3-million television contract today, giving the Columbia Broadcasting System exclusive rights to all regular season games for the next two years.

The new contract, calling for \$4.65 million per year, would bring each of the 14 clubs about \$320,000 after deduction of certain fees.

The contract was made possible by congressional action in late summer after a similar deal had been nullified last July by a federal judge who found it in violation of the antitrust laws. The new law permits such contracts by pro football, baseball, basketball and hockey leagues.

END MEETING TODAY

The NFL expected to end its three-day meetings today if a pre-season exhibition schedule can be completed.

Rozelle relayed requests of the NFL Players' Association to the owners at Tuesday's meeting. He was authorized to meet with the players for further discussions.

The players association called upon the league to ask George Halas, owner of the Chicago Bears, and George Marshall, owner of the Washington Redskins, to work in cooperation with its respective players was concerned.

None of the Bears belong to the association and only a few of the Washington players.

The players also asked that pension and health benefits apply only to association members in good standing.

ARIZONA MAY GET EXTENSION OF PROBATION

By DON WEISS

Associated Press Sports Writer CHICAGO (AP) — Arizona's probationary period may be extended and toughened today at the 56th NCAA convention.

NCAA Executive Director Walter Byers would confirm only that a representative of the school would appear before the powerful NCAA Council.

Speculation was lively that Arizona's one-year term, imposed a year ago for football recruiting violations, may not be terminated as scheduled.

Bill Orwig, Indiana's athletic director, also will appear at the closed session. Indiana was placed on NCAA probation for four years on April 27, 1960, also for football recruiting violations.

APPEAL FOR REVIEW

The Big Ten, which had taken similar action, restored the Hoosiers to good standing last spring and Indiana has appealed to the NCAA for a review of its penalty.

When Arizona was placed on probation a year ago, the NCAA limited it to one year without additional sanctions because, Byers said, "of the corrective program undertaken by the university and its promise to take disciplinary action against the parties involved."

One assistant coach who was involved in the censured recruiting, Ron Marciniak, was subsequently rehired, when his contract was due to expire. Another coach cited in the probationary report, Van Howe, resigned.

2 SCHOOLS RESTORED

Both North Carolina and Loyola of New Orleans were restored to good graces Tuesday after a year in the doghouse for basketball violations.

The American Football Coaches Association Rules Committee was expected to make its recommendation today concerning the relatively high number of fatal injuries among sandlot, high school, semipro and college players last season.

Jack Curtice of Stanford, president of the AFCA and acting chairman of the Rules Committee, said the 24 members are inclined to feel—after studying reports dating back to 1931—that injuries run in cycles. He said, nevertheless, that thorough consideration was being given to possible changes in equipment, blamed in some quarters for many of the 37 football deaths last season.

GRUDGE GAMES TO BE PLAYED THIS EVENING

By JACK CLARY

Associated Press Sports Writer Four members of college basketball's elite are involved tonight in games that in the past have developed into feudin', fussin' and a bit of fightin'.

Foremost is the Missouri Valley Conference clash between Cincinnati (11-1), ranked No. 2 in the current Associated Press poll, and the Bradley Braves (8-2), at Peoria, Ill., a meeting that has always produced dogged battles.

In the Big Eight, fifth-ranked Kansas State (10-2), is host to Kansas (5-6). Duquesne (9-1) rated eighth, entertains tonight Dayton (9-2). Bowling Green (10-1), ninth-ranked, has Mid-American rival Toledo (7-4) at its court.

A Southeastern Conference contest that promised to be a wing-ding was postponed Tuesday night when seventh-ranked Mississippi State, one of the nation's two major unbeaten teams, was turned back by icy roads on its trek to play Alabama.

SMU's victory tossed Rice into a second place tie at 2-1 with Texas & M, 54-32 winner at Baylor, and Texas Tech, Texas' contest at Texas Christian was postponed because of bad weather.

Marquette upset Loyola of Chicago 63-60 in Milwaukee as Len Jeffries contributed four clutch points in the closing minutes.

Pipers Have Chance To Clinch 1st Round

By THE ASSOCIATED PRESS

Cleveland can win the Eastern Division first half championship of the American Basketball League tonight by defeating Kansas City.

But the Pittsburgh Rens still have a chance of tying and forcing a playoff Thursday night.

This situation came about Tuesday night when Cleveland whipped the New York Tapers 141-124 at Lorain, Ohio, while the San Francisco Saints surprised the Rens 122-119 in the opener of a twin Bill at Los Angeles.

In other games Kansas City, playing at home, nipped the Chicago Majors 122-120 in overtime and the Los Angeles Jets walked the Hawaii Chiefs 140-103 in the second game of the L. A. doubleheader.

ASIAN FLU AS EPIDEMIC NO LONGER WORRY

By THE ASSOCIATED PRESS

Wonder where the Asian flu virus went? Wonder when you are most likely to get chickenpox or mumps? Wonder who delivers a baby? These are questions with a focus on health.

SPENT VIRUS?

What happens to an influenza virus between epidemics? It appears that the virus still travels between humans—but incoincidentally. At least it may not be recognized as influenza.

Researchers have recovered the Asian A2 virus from patients in the years since its worldwide epidemic of 1957—indicating the virus is still around.

This means that the virus is still creating immunity in world populations—and because of this it could be that the Asian flu has spent its epidemic force.

VIRUSES MARCH ON

Infectious diseases are often influenced by social forces—and a new study indicates that at least three of them—chickenpox, mumps and measles—are hitting children at younger ages than they once did.

These three virus diseases were once fairly common among adolescents. Now, it appears, they are occurring largely in the pre-adolescent years. This may be due to the increase in the population, or the fact that people move around more now, and live closer together.

One infectious virus is trailing this trend, however. This is rubella or German measles. It is the virus that can cause birth defects when it strikes women in the first three months of pregnancy.

If adults are to gain immunity to this disease, researchers say, they may not be able to wait for normal infective processes. Preventive measures may be the only answer.

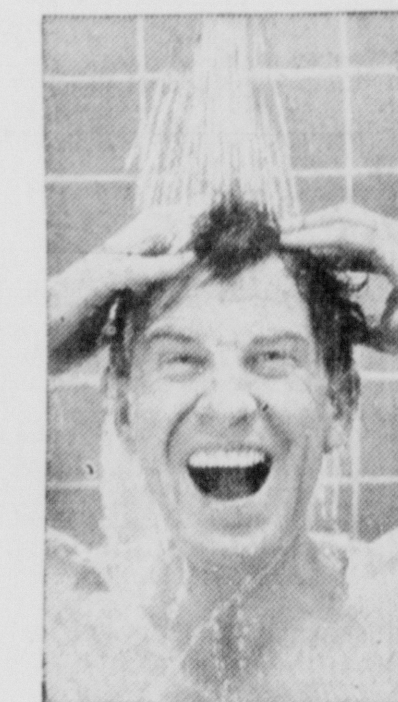

STORK, OF COURSE

Writing to the Journal of the American Medical Association, a physician says he has heard of doctors delivering babies, and doctors delivering mothers. Which he asks, is correct?

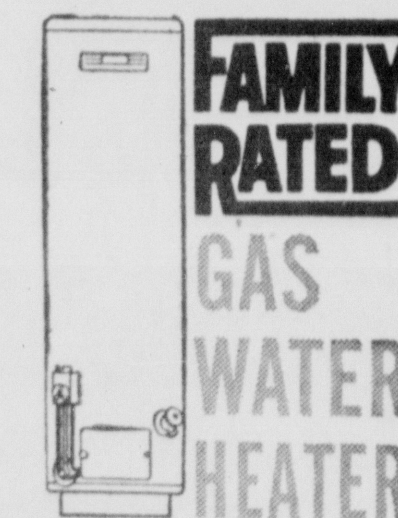

Dictionaries say the word deliver may be used passively, as to give birth—or actively to mean the discharging of one who is pregnant, says an AMA expert.

May Charge \$50 For Unclaimed Air Seats

WASHINGTON (AP)—Airlines may begin on March 1 charging passengers up to \$50 when they don't show up with a ticket and finds no seat available.

But a passenger may also collect a penalty of at least \$25 if he shows up with a ticket and finds no seat available.

In a ruling Monday, the CAB said the order would be deferred for 20 days to allow the airlines or other interested parties to file comments or protests.

The action stemmed from a request of 11 major airlines that something be done about the "no-shows."

Triplets Interrupt 50th Anniversary

SHAMOKIN, Pa. (AP)—It will be a long time before Shamokin State General Hospital forgets Mrs. Donald Thomas.

For it was Mrs. Thomas who gave birth to triplet girls Monday night—right in the midst of open house festivities marking the hospital's 50th anniversary celebration.

The girls arrived at 7:47 p.m., 9:07 p.m. and 9:47 p.m., weighing five pounds 14 and a half ounces, six pounds one-half ounce and five pounds four and half ounces. The triplets were the first ever born in the hospital.

Jap Postwar Debt To U.S. Is Settled

TOKYO (AP)—Japan's postwar debt to the United States was settled Tuesday for less than one-quarter of its original cost.

Japan agreed to repay \$490 million of the \$1,869,000,000 it received from 1945-52 mostly in relief supplies and economic rehabilitation.

Under terms of the repayment, \$25 million will be used for educational and cultural exchanges between the two countries. The United States plans to use most of the rest for aid to underdeveloped countries in Asia, which would help strengthen Japan's key markets.

Report Argentina Opposes Sanctions

WASHINGTON (AP)—Argentina apparently opposes any collective sanctions against Cuba, Latin-American diplomats say.

They said that seemed to be the essence of a series of proposals forwarded to President Kennedy by Argentina's President Arturo Frondizi.

The diplomats based their estimate of the Argentine proposals, which have not been made public, on news dispatches and on attitudes expressed by Argentine diplomats.

Rep. Walter Gets High Dutch Award

WASHINGTON (AP)—The Netherlands government has conferred its highest civilian award on Rep. Francis E. Walter, D-Pa., for his work in the field of Dutch and other European emigration.

The award, the Oliver Van Noort God Plaque, was presented to Walter Monday by Ambassador J. H. Van Boijen of the Netherlands. Walter is the first American to receive it.

Walter told Van Boijen he felt "humble and proud in accepting this medal not as an individual, and not as a member of Congress, but on behalf of the United States."

"Our immigration policy is the most generous and liberal in the world," he said.

UAR Expels 26 French Residents

CAIRO, Egypt (AP)—The United Arab Republic has ordered 26 French residents of Alexandria expelled, the semi-official Middle East News Agency announced.

The agency said those expelled would sail from Alexandria today.

The U.A.R. has been carrying on a campaign against French citizens and property in Egypt since it arrested five members of a French economic-cultural commission and two other Frenchmen in late November and accused them of spying for France and plotting to assassinate President Gamal Abdel Nasser.

A Lovelier You

By MARY SUE MILLER

RESORT WARDROBE. Lucky you, if you're selecting a wardrobe of resort clothes. It will prove exceptionally becoming, wearable and handsome, if you build it around a color theme.

Around three shades, let's say,

that are complimentary to you and to each other.

In terms of new resort colors, a palette of apricot, white and brown would be a stunner for a brunet. For blondes there is perfection in a sky blue, white and lime scheme. A Titian's ideal go-together could be wheat, creamy white and turquoise.

However you work it out, remember that pastels are bright but not sizzling; white is a with-out-which-not; the combination of Americana red/white/blue finds favor in all collections. As for styling, the pacemakers follow:

• Fabrics in capsule—stretch, rugged cottons, elegant silk and silky impostors, knits, jersey, flannel.

• Swimsuits—classic maillots, relaxed maillots with bloused and drawstring bodices; boy-leg types with blouson tops; two-pieces, sans middle, a little or a lot.

• Beach covers—hooded capes; long-lens dresses; long pullovers; short and "sissy" dresses.

• Pants—stretch styles, the hip-slung model newest; in other fabrics, the eased leg is truly avant garde.

Then what? A-line separates; demi-fitted suits, casual dresses and coats; after-darkers that slink or float.

4-Year-Old Piano Prodigy Returns 32 Years Later As Soloist In Frisco Symphony

By JOY MILLER
AP Women's Editor

NEW YORK (AP)—One of the ironies about child prodigies—and it's the one that keeps ordinary mortals from feeling short-changed—is that when they cease to be children they frequently are no longer prodigious either.

An exception is Ruth Slenczynska (pronounced slen-chin-ska). As a plump 4-year-old she climbed up on a piano stool to make her professional debut in Oakland, Calif. That was 32 years ago.

Today she will be back in the bay area as soloist with the San Francisco Symphony at a concert celebrating its 50th anniversary. She'll receive a key to the city to add to her thriving collection.

'I'M GRATEFUL'

Recalling her precocious childhood, she says: "I'm grateful for the experience, but it's like surviving a great calamity. You're glad you lived through it, but you wouldn't advocate it for anyone else."

Her Berlin debut came at age 6, Paris at 7, New York at 8. "Greatest keyboard genius since Mozart" was one of the milder accolades.

"I never had anything I wanted," she goes on, without bitterness. "I never wanted to be a pianist. It was my father's idea before I was born. But since I am one—

FROWNED ON PIANO

"I've learned when given a set of circumstances to make the most of them, to enjoy them."

"But I'd probably be the most happy, contented little housewife and mother."

Ruth lives alone in a New York apartment. She'd like to have a pet, but she travels too much to keep one. In the past five years she has given more than a thousand concerts on three continents.

Ruth, who is just under 5 feet, once was fired as a waitress because she couldn't hold trays high enough. That was when she was working her way through the University of California, majoring in psychology, after her family re-

turned from Europe at the outbreak of World War II.

She was teaching at the College of Our Lady of Mercy in Burlingame, Calif., "and I thought I'd found my niche and wanted to stay forever," when she was overheard practicing in 1951 by the head of the Carmel Bach Festival. He asked her to play; then came concerts with the San Francisco Symphony; conductor Arthur Fiedler asked her to go on tour—"and the ball hasn't stopped rolling yet."

Gasoline Bombs Set Off In City Hall

CAPE TOWN, South Africa (AP)—Gasoline bombs exploded at several points in Cape Town's City Hall Monday night. Several small fires broke out but damage was slight.

An underground Negro organization calling itself Spear of the Nation has set off numerous explosions in public buildings across the country during the past month as part of its fight against South Africa's strict racial segregation.

U.S. PLANE CRASHES

The victims, two officers and two enlisted men, were attached to the aircraft carrier Lexington. Their names were withheld pending notification of kin.

Sunday Violators To Receive Hearing

PITTSBURGH (AP)—Officials of three Pittsburgh district supermarkets who are accused of violating the new Sunday food sales law will receive hearings next week.

Squire Regis J. McCarthy of nearby Millvale said he will hold the hearings next week but did not set the exact dates.

His announcement came just one day after the dismissal in Allegheny County Common Pleas Court of a temporary injunction that had prevented further prosecution of the officials.

The officials are from Ver-

schaeren's, Payday and Haines supermarkets. They are charged with violating the law that prohibits the selling of food on Sundays by stores employing 10 or more persons.

Dist. Atty. Edward C. Boyle of Allegheny County who asked for the dissolution of the injunction, said his office will continue to defend the law in appellate courts.

But he added that enforcement of the law is "still a matter of local jurisdiction and each community in the county will have to handle it."

Ever saute chicken livers with onions and serve with scrambled eggs? Nice for lunch or Sunday night supper.

SUSPENSIONS CONFIRMED

PITTSBURGH (AP)—Chancellor Edward H. Litchfield of the University of Pittsburgh has confirmed reports that several students, including athletes, have been disciplined for "personal conduct."

Litchfield said Monday some students had been suspended and others reprimanded.

He refused to comment on the reason for the action or disclose the names of those involved.

"These are private matters between the individuals involved and the university," Litchfield said, "and, therefore, not something about which the university is privileged to comment publicly."

Litchfield's statement was the first official word from the university since a report last week that six football players had been suspended.

Length of the suspensions were not disclosed. However, Litchfield said:

"If the students can profit from their mistakes, there is every reason to expect that the entire matter will be settled and forgotten before the opening of another school year."

Abbottstown

MRS. DELLA BUTT ABBOTTSTOWN—Mr. and Mrs. Charles A. Chubb were guests of honor at a surprise open house party at their home Sunday afternoon in honor of their 50th wedding anniversary. They were married by Rev. M. S. Romigh in the Liverpool Lutheran Church parsonage. They have six children, 16 grandchildren and eight great-grandchildren. Fifty-one relatives and friends were present. The couple received many gifts and refreshments were served.

Mrs. Helen Haines was hostess to the Ladies' Aid and Missionary Guild of the United Church of Christ recently. Eighteen members attended. Rev. John Martin was present to install the following officers: President, Mrs. Pauline Mummert; secretary, Mrs. King Westerhold; and treasurer, Mrs. Gilbert Zeigler.

Mr. and Mrs. Salvador Castro spent several days in Washington, D. C., recently.

The Lions Club will meet Thursday evening at the Alland House.

Rev. John Martin, pastor of the United Church of Christ, will preach the sermon for the Week of Prayer service Wednesday evening at 7:30 in St. John Lutheran Church.

Rev. L. J. Karschner, pastor of St. John Church, baptized the following children last Sunday: Daniel Lee Rodgers, son of Mr. and Mrs. Donald Rodgers; Jon Albert Baker, son of Mr. and Mrs. Donald Baker; Robin Cheryl Hoke, daughter of Mr. and Mrs. Herbert Hoke; and Linda Kay Hamme, daughter of Mr. and Mrs. Harold Hamme. Altar flowers were presented in memory of John Myers and Mrs. Vivian Bortner by the family.

The pastor presented to the congregation the honor roll certificate indicating that the congregation had paid its apportioned benevolence in full. Actually it overpaid it by \$500, in addition to sending a unit of \$300 toward the support of a missionary.

A record enrollment of 42 is reporting for catechetical instruction each Saturday afternoon at 1 o'clock.

The Church School will meet at 9:15 next Sunday. The worship service will be at 10:30. The Lutheran League will meet at 6:30 for a covered dish supper to which the parents of the Leaguers are invited.

Seize Cash Stolen From Restaurant

CHESTER, Pa. (AP) — Police smashed down an apartment door Monday and seized a safe and \$2,962 in bundles of bills they said were stolen from a restaurant.

Steven Cribbs, 23, the occupant of the apartment, was arrested and held for a hearing on charges of burglary and larceny.

Two other men, Louis Carletti, 19 and Richard Knierim, 23, both of Chester, were taken into custody earlier and held for a hearing on similar charges.

Police said the two were found driving around in an auto with the door of the safe in the back seat. Police quoted the pair as saying they had found the door, but while they were being questioned a report came in that the restaurant had been burglarized.

JACKIE COOPER OLD HAND AT KEEPING TRIM

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—Jackie Cooper, who has been a show business star since he was three years old, keeps in performing trim as carefully as he keeps in physical shape.

When he appears Saturday night in CBS' adaptation of "The Four-Poster," it will be a combination holiday from Hollywood and an exercise in acting for the busy performer.

Cooper, who will be 40 in September, is owner, star and director of the successful comedy series, "Hennessey," now in its second season. This is enough to keep the average man in a state bordering exhaustion, but Cooper frequently takes time out to direct a show for some other series.

Before "Hennessey," Cooper acted in, owned and directed another series, "The People's Choice" for several seasons.

WORKED TOGETHER
"I've been working with my own crew since 1955—I decided to direct my shows so I could get them the way I wanted them to be," he explained during a break in "Four-Poster" rehearsals. "We have worked together so long, I'm spoiled. So occasionally I like to work with other crews, I like to do some outside acting about twice a year. I particularly like to get away from Hollywood and that rut you get into and away to New York. It keeps your interest up."

Cooper is among the stars of the oldest re-runs in television: those ancient, silent "Our Gang" comedies, currently syndicated among TV stations retitled "The Little Rascals." The pictures were made when he was almost a toddler.

Because he has been a professional actor so long, Cooper has strong ideas about throwing youngsters into acting early. He has four children and is pleased that his oldest, son John Anthony, 15, while interested in show business, wants to finish college before starting a career.

WORK SOMETHING ELSE
"It takes very special parents to help kids get through an acting career," he said. "Kid actors really don't have much of a childhood. They have to work—have to be prodded into working—when they don't feel like it. They get too much adulation and too much attention. They become spoiled. And they learn about money much too early."

Cooper says he hopes to continue with "Hennessey" for another season or two, and then go on to something else "that interests me."

Young Broadcasters Lose 9-House Range Radio Firm

By HARRY KELLY
WASHINGTON (AP)—The slightly high-pitched voice of WALE, "your neighborly station," has signed off without so much as one bong.

It was turned off, gently but firmly, by a grim-faced investigator of the Federal Communications Commission who read the riot act to its two operators—Bruce Wahl, 13, and David Lester, 14.

Its station was Wahl's bedroom; his commentators, engineers, announcers and disc jockeys were Wahl and Lester. Its range was neighborly—covering nine other houses.

The boys pieced the equipment together from old parts and went on the air a month ago from Wahl's home in nearby Falls Church, Va.

AFTER SCHOOL PROGRAM

Every afternoon after school, WALE offered the neighbors a program of weather information, news culled from newspapers and music—"everything from rock 'n' roll to the semiclassics."

Any listeners? Wahl and Lester had no rating but Wahl said he knew that at least one family listened—"but they moved away after the first broadcast. Of course, they had been planning to move for six months."

It was fun. Until the other day. WALE had been on the air for about 45 minutes when Bruce spotted a man in an automobile aiming a device with an aerial at the bedroom window.

SMILES FADE

Then the man came to the door.

"Are you running a radio station?" he asked.

Proudly the boys acknowledged they were.

The smiles faded when the man flashed a card identifying him as an investigator from the FCC. He said he wanted to check their equipment.

FINE OR JAIL

After checking the equipment—which operated on about a tenth of a watt—he sat down last Thursday with the boys and Bruce's mother and read a passage from a book. It was a copy of the Communications Act and it told how people operating unlicensed stations could be fined \$10,000 or sent to jail for two years, maybe both.

"Boy," said Bruce, "did we begin shaking like leaves?"

So now WALE is off the air. The FCC is willing to forget the whole thing but officials explained there would be chaos on the airwaves if anybody could operate a station, even a neighborly one.

Plan Hearing Feb. 1 On Change In U.S. 30

HARRISBURG (AP)—The economic pros and cons of proposed relocation of a section of U.S. 30 in Lancaster and York counties will be aired Feb. 1 at a public hearing in Columbia.

The hearing, scheduled Monday by the State Highways Department, will be held at the Co-

HIGHLIGHTS AT FARM SHOW

HARRISBURG (AP)—Competition in the 4-H baby beef class, probably the most popular single contest at the 46th annual State Farm Show, will be as close as ever this year.

Young members of 4-H clubs in 18 counties have a total of 131 primed and preened heaves, representing some 70 tons of beef on the hoof.

Last year's grand champion pulled down a record high \$4.10 a pound, enough to send its owner to college.

State policemen helping direct traffic both in and out of the show buildings picked up four lost youngsters and reunited them with their parents on opening day. That's about par for the course.

Churches continued their friendly competition in operating side-by-side refreshment stands in the main display room. Five Protestant congregations and one Greek Orthodox church are represented. No Catholic churches are participating this year. Proceeds help finance various church activities.

The show has an air of Christmas. A thousand potted poinsettias are placed in strategic locations around the mammoth exhibition rooms.

One of the happiest moments of opening day was the presentation of a registered purebred Ayshire calf to Leon W. Paul of Meyersdale R. 2. The Pennsylvania Ayshire Breeders' Association gave the animal to Paul in recognition of his achievement in winning a Future Farmers of America achievement award.

This is the 44th show for R. H. McDougall, agricultural extension agent for Butler County. McDougall started coming to the shows in 1919, two years after the first exhibit.

McDougall says this is the best show ever and it is "bound to get better and better year by year."

The farm show took note of the nuclear age by giving a first place award to a Future Home-makers of America window exhibit of foods and other supplies necessary to sustain one person for two weeks in a fallout shelter. The \$75 first prize went to Central Grove High School FHA Chapter, Roaring Springs, Blair County.

lumbia High School.

The project would begin west of Hellam, York County, and proceed eastward, crossing the Susquehanna River a half mile north of the present Wrightsville Bridge and end west of Mountville, Lancaster County, at the Ironville Road, about a half mile north of the present U.S. 30.

Laos Dislikes U.S. Coalition Proposal

VIENTIANE, Laos (AP)—Prince Boun Oum's right-wing Laotian government Tuesday termed American pressure to make it join a coalition regime "intolerable" and said the Lao people would rather tighten their belts than yield.

The United States postponed delivery of its monthly aid—the government's financial mainstay—after Vice Premier Phoumi Nosavan rejected U.S. Ambassador Winthrop Brown's strong suggestions that the rightists drop their demands for the key defense and interior posts in the proposed coalition with forces of neutralist Prince Souvanna Phouma and pro-Communist Prince Souphanouvong.

TRAIN WRECK TOLL NOW 87

UTRECHT, Netherlands (AP)—Relatives of victims in Holland's worst train wreck were arriving Tuesday to help in the grim task of identifying bodies lying in long rows in a church.

The official death toll stood at 87.

Women volunteers met the relatives and took them first to a hotel where all information on the dead and injured still in hospitals was assembled.

Most of the identified dead were women. Women victims were difficult to identify because their handbags, containing personal documents, were lost in the crash.

Officials said all the identified casualties were Dutch except two Britons who were injured only slightly.

The track was cleared today where the speeding express crashed into a slower commuter train at a fogged-in junction near Woerden.

The express was scheduled to pass through the junction three minutes before the commuter train. Instead it telescoped into the side of the slower train. Officials speculated that one of the engineers failed to see a signal because of the fog.

Talk And Pictures At Kiwanis Meeting

James C. Graham, field representative of Kiwanis International, was a guest speaker at the weekly meeting of the Gettysburg Kiwanis Club Monday evening at the Lamp Post Tea Room. His topic was "New Club Building."

President Kenneth Foust showed slides of the Pennsylvania district convention held at Wilkes-Barre October 8, 9, 10 and 11 and slides of the Kiwanis float which won first prize in the July 4 parade.

President Foust also reviewed activities of the club and members among the needy families of the community during the last year, showing some slides and explaining how some families were helped and jobs secured.

Next Monday evening officers of the club for 1962 will be installed by the lieutenant governor of Division 13, Carlos Bodwell. It will also be ladies' night.

MANY OFFERS TO ADOPT 5 ORPHAN GIRLS

WARREN, Pa. (AP)—"I can only think of one word—compassion."

That was hospital administrator Joseph A. Williamson's reaction to the flood of letters and phone calls that poured into Warren General Hospital with offers to adopt the five Campman girls orphaned by a Christmas Eve auto crash.

The Campman girls already have found a new home with their uncle, Lester Campman of nearby Irvine. Four of the girls have been released from the hospital and have gone to live there. Judy 15, is to join them when she is released.

But many people apparently have not heard that part of the Campman story. What they do know is that the Christmas Eve smashup killed the girls' parents and two other persons and hospitalized eight, among them the five girls.

Administrator Williamson says he has received many letters and calls from persons concerned about the condition of the sisters and wanting to know if they could be adopted. Most wanted to know if they could adopt all five.

Williamson has received calls from New York City, upper New York state and Ohio. An elderly Clearfield County woman wrote offering the children a home.

An Air Force technical sergeant stationed in New Mexico asked to raise the children. He said he and his wife, a nurse, already had raised a large family and thought the Campman girls should be kept together through childhood.

A woman from Niagara Falls, N. Y., wrote asking to adopt one child—to take the place of a little boy she and her husband had kept for 17 months until his mother returned to claim him.

FBI Agent To Speak Here

Fern C. Stukenbroeker, FBI special agent, Washington, D.C., will be the assembly speaker in the Student Union auditorium at Gettysburg College Thursday morning at 11 o'clock. His topic will be "Democracy and Communism."

Stukenbroeker entered the FBI as a special agent November 16, 1942, and has served in the Baltimore, Washington, D.C., and Cleveland divisions. He has appeared throughout the United States as an FBI speaker on communism. He is presently assigned to FBI headquarters in Washington, D.C.

A native of Nevada, Missouri, Stukenbroeker received his elementary and high school education in Missouri and Kansas public schools. A graduate of Washington University in St. Louis, Mo., he received his Bachelor of Science (Journalism) (1938), M.A. (1939) and Ph.D. (1942) degrees from that institution, majoring in European history.

New Orleans Offers All-Negro School

NEW ORLEANS, La. (AP)—The Orleans Parish School Board has voted to turn one of the city's six desegregated elementary schools into an all-Negro facility.

The board decided Monday night to make the change to relieve what it said were crowded conditions at Negro schools in the area.

McDonogh No. 19—where angry white parents withdrew their children when it was desegregated Nov. 14, 1960 under federal court directives—will become an all-Negro school Jan. 24.

2 MOVIES GET SEASON OFF TO A GOOD START

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP)—The saga of the American in Europe has intrigued writers from Mark Twain and Henry James down to Tennessee Williams and Irwin Shaw.

Now it is the background of two new movies, which are pushing the 1962 season off to a promising start.

They are "Tender Is the Night" and "Light in the Piazza." If these are a sample of what the movie fan will get, it could be a good year.

David O. Selznick says glowingly of "Tender Is the Night": "It is the kind of movie we used to make."

NAME NOT ON IT

It bears the stamp of Selznick at his best. Oddly, though he owned the story, developed the script and supplied Jennifer Jones, his name is not on the film. It was produced by Henry Weinstein, who received several hundred memos from Selznick during the filming.

"Tender" is the most profound of the F. Scott Fitzgerald tales, a careful study of how a psychiatrist loses his own stability while saving the sanity of a patient he marries. It is played against a background of Europe in the '20s, yet doesn't seem dated.

Miss Jones is back to the glory she first exhibited in "Song of Bernadette." After a couple of false starts, Jason Robards Jr. proves he can be as great on the screen as he has been on the stage.

Director Henry King, who dates back to "Tolable Davis" (1921), proves Hollywood's old wave can still pack a punch. The screenplay by Ivan Moffat is a marvel, building one scene after another of meaningful drama.

TURGID STUFF

"Light in the Piazza" is pure romance. Offhand it sounds like a problem drama: the attempt by a compassionate mother to find a normal life for her grown daughter, whose mental age was arrested at 10 by accident.

This could be turgid stuff but producer Arthur Freed and director Guy Green keep it light without going marshmallowy.

Olivia DeHavilland is perfect for this sort of thing; no star has such a sure touch with romance. Yvette Mimieux is a revelation; she's an actress not merely a cheesecake queen. George Hamilton is surprisingly good as her Italian suitor, and Rosanno Brazzi plays his suave, knowing father.

Woman Near 103 Succumbs Monday

TOWANDA, Pa. (AP)—Death came to Mrs. Euphamie Shelden Taylor three days before her 103rd birthday Thursday. She had advised anyone who wanted to live to be 100 to mind their own business and eat plenty of vegetables.

Mrs. Taylor, a widow for the past 22 years, died Monday at the home of a daughter in nearby Granville Center. She had been bedfast since a fall last July. Funeral services were held today.

FAVOR TARIFF CUTS BY JFK

WASHINGTON (AP)—West Germany's Vice Chancellor Ludwig Erhard says he strongly favors President Kennedy's proposals to liberalize trade and make across-the-board reductions in U.S. tariffs.

The European Common Market in turn should reciprocate with lower external tariffs if Kennedy's trade program wins congressional approval, Erhard told newsmen Monday night.

"This is the time now for great and imaginative ideas," the West German said in advocating broad tariff reductions.

ENDED VISIT TUESDAY

"It is always easier to carry out bold ideas," he said. "It is easier to have across the board reductions than to fumble with each tariff position individually."

Erhard ended his two-day Washington visit Tuesday. His schedule included meetings with Secretary of Commerce Luther H. Hodges, World Bank President Eugene Black, Secretary of the Treasury Douglas Dillon, Secretary of State Dean Rusk and Undersecretary of State George W. Ball.

Erhard reported that his 85-minute meeting with Kennedy Monday centered on the future of the Atlantic community.

PLAN SURVEY IN TANEYTOWN

The Taneytown Jaycees will conduct a door to door survey of the community January 15 and 31 with the assistance of their wives, the Jayettes, and the high school Senior POD class. They expect to learn the attitudes on services, facilities and problems in the Taneytown area.

Arthur Garvin, chairman of the project, said that future projects of the Jaycees and other service clubs will undoubtedly be influenced by the results of this poll. The mayor and city council have expressed an interest in many of

S. VIET NAM BOOSTING ARMY WITH U.S. HELP

By SPENCER DAVIS
WASHINGTON (AP)—South

Viet Nam is acting to increase its regular army from 170,000 to 200,000 with the help of U.S. military aid.

U.S. officials said that the guerrilla war appears to be growing in intensity there, killing and wounding 400 non-Communists a week.

State Department officials in disclosing the army buildup today said the additional costs would be borne by both South Viet Nam and the United States through a new financial reform program.

U.S. officials estimate that Communist North Viet Nam has 300,000 to 550,000 men under arms.

In the past year guerrilla activity by the Communist Viet Cong rebels more than doubled, according to W. Averell Harriman, assistant secretary of state.

18,000 IN ACTION

The number of Viet Cong operating in South Viet Nam is estimated at 18,000 or more. U.S. officials said there has been a sharp increase in violent incidents in recent months.

U.S. Ambassador Frederick E. Nolting Jr., is conducting an overall review of American policy in South Viet Nam with foreign aid representatives and officials of the State and Defense departments.

A State Department spokesman said that the United States "is not sending combat troops to South Viet Nam except for training purposes—if you want to regard them as combat troops in that light."

the questions which will be asked and will take answers and comments into consideration when planning for the future.

Families and individuals polled will not be identified in any way or asked to sign the questionnaire. Results, analysis and pertinent criticisms and suggestions will be published and made available to the public, but individual reactions will be held in strictest confidence.

Although the door-to-door, personal interview method is extremely time consuming and difficult, Garvin points out experts agree that, in a community the size and nature of Taneytown, it is the only way to get a complete and true picture of the people's opinions. It is hoped that every person contacted will welcome the caller into his home, cooperate to the fullest extent and give serious thought to the questions posed.

RUSSIA WILL RELEASE 22 PASSENGERS

MOSCOW (AP) — A special Soviet airliner took off today to pick up 18 passengers and 4 crew members of a Belgian plane that strayed deep into Soviet territory. They were to be brought to Moscow.

The Belgian plane, a Sabena jet airliner which was enroute from Tehran to Istanbul when it landed in the Soviet Union Monday, also was released by Soviet authorities. But a Belgian Embassy spokesman said mechanical trouble was delaying the twin-engine Caravelle's takeoff from the southern city of Grozny.

LEAVE THURSDAY
(In Brussels Sabena announced the 18 passengers and 4 crew members would be flown to Brussels Thursday on the regular Sabena Aeroflot plane. The four other crew members will fly out the Caravelle "as soon as Soviet authorities will allow it." Sabena said. The count of 18 passengers was a revision by the Belgian line, which originally had reported one more.)

Belgian Ambassador Hippolyte Coels flew to Grozny aboard the Soviet plane to escort the passengers to Moscow.

The Russians protested that the plane had violated Soviet airspace, but Coels assured them any violation was accidental.

MONTGOMERY, Ala. (AP) — It wasn't a fit night out for dogs, but for people, that was different. The city pulled its six police dogs off their beats about 9 o'clock Tuesday night because of sleet and snow. About the same time a street crew was ordered out to put sand on icy bridges.

the assistance board staff this month will investigate the applications from county home guests who would appear to qualify for the aid. In addition she said that under the regulations it would appear that the nursing care provided by the Gettysburg Civic Nursing Association would be approved for payments under the act for persons needing that care who meet the other requirements.

The caseload report showed the number on relief up from December 1 but down from January 1 a year ago. As of January 1, 1961, there were 605 cases in which 1,332 persons received assistance. As of January 1, 1962, there were 582 cases and 1,216 persons receiving aid, a decline for the year of 23 cases and 116 persons. As of December 1 there were 563 cases and 115 persons receiving aid.

The report shows old age assistance remaining almost constant. There were 211 persons receiving such aid in January 1, 1961, 213 on December 1, 1961, and 213 on January 1. There were 103 persons receiving blind pensions as of January 1, 1961; 117 on December 1 and 114 on January 1, 1962. Aid to the disabled helped 60 persons January 1, 1961, 54 on December 1, 1961, and 55 on January 1, 1962.

Major changes were shown in the numbers on general assistance and aid to dependent children resulting from the addition of a new category, aid to dependent children-unemployment during the year.

As a result the figures for general assistance and aid to dependent children are comparable only as totals. The total number of persons aided by aid to dependent children and general assistance as of January 1, 1961, was 958. The number of persons aided by both classifications of aid to dependent children and by general assistance as of January 1, 1962, was 834.

Increases in general assistance from 79 persons to 8, in ADC unemployment from 92 to 154 and aid to dependent children from 560 to 595 are noted in the comparison between December 1, 1961, and January 1, 1962.

TALKS TO PTA YORK SPRINGS ON LITERATURE

(Continued From Page 1)

Dr. Riley Hughes, professor of English at Georgetown University, Washington, D.C., addressed the Fairfield PTA Monday evening on "The Challenge of Decent Literature." He said comic books in general, because they lack text, may lead children into the habit of merely reading pictures rather than literature. He said that censorship of obscene and pornographic literature is extremely difficult and that basically it is up to the parents to determine what their children shall read. It is their duty and only they can effectively do it.

The president, Mrs. James H. Hammett, announced plans for a telephone announcement program to remind parents of meetings. A number of parents will be called and they in turn will telephone others.

Supervising Principal George Inskip reported the state approved 10 new classrooms, a new cafeteria and a new health room for the Fairfield Elementary - High School building.

An additional payment to the elementary library fund was voted.

It was announced that State Senator Hawbaker will speak on the new state school reorganization law at the February 12 meeting.

Will Retire From Township Office

Glenn Jacobs, Reading Township, has retired after serving as a supervisor in that township for 24 years. Jacobs served as president of the board for 22 years. He also served 15 years as president of the Adams County Supervisors, Secretaries, Auditors, Assessors and Tax Collectors Association. He was a delegate from Adams County to the state convention of the Pennsylvania State Association of Township Supervisors for 15 years. He was also a member of the legislative committee of that association for the same number of years. He is also active in community and church affairs, has been a farmer for many years and resides at East Berlin R. 1.

Jobless Study Group To Be In State

HARRISBURG (AP) — Federal labor and industry specialists will move into Pennsylvania next week in their nationwide survey of unemployment compensation claimants around the country.

Dr. A. Allen Sulcove, secretary of the state's Labor and Industry department, called on Pennsylvanians to give their full cooperation to the survivors.

"We want only to see how we can help more people find employment and also to improve our administration of the unemployment insurance program for persons temporarily out of work," Sulcove explained.

The survey will deal with marital status, number of dependents, family wage earners, pensions and work and employment experience. Sulcove said the information will be confidential and will not in any way affect benefits for the claimant interviewed.

Persons to be interviewed will be selected at random from those receiving benefits under the federal unemployment benefits act of 1961. This act was designed for persons who have exhausted their state benefits.

Cite Weather In Death Of 5 Soldiers

FT. HOOD, Tex. (AP) — Military authorities say paralyzing winter weather was a factor in a collision of an Army tank and truck at this army base Tuesday. Five soldiers were killed and 22 others were injured.

Three of the injured were burned seriously when the truck's 70-gallon gasoline tank exploded.

work of the PTA during their administrations were reviewed.

Mrs. Frank Myers, president, presided over a business session when officers' reports showed the recent turkey banquet and bake sale netted \$180 which was turned over to the project fund for new books for the elementary library.

It was announced the county PTA will meet at Bermudian Springs High School February 15.

There was a birthday cake bank on hand Tuesday evening for donations toward a founders' day gift for the schools. John Kelly, elementary principal, said that at the next PTA meeting on March 13 there will be a science fair and display.

LIST ESSAY WINNERS

William Wenger, as a member of the program committee, announced the program topic and introduced Mr. Smith and Mrs. Mychailo Komesz, Gardner R. D., who with her husband came to this country 11 years ago from Rumania "in search of freedom."

She is a native of the Ukraine. Mrs. Komesz and her husband have two children in the York Springs schools.

She told the PTA she does not believe children in this country have enough respect for their teachers and that parents should teach such respect. She also said many people in this country do not appreciate their freedom.

Mr. Komesz also had been listed as a panel member but could not attend.

These winners were announced for the Sixth Grade essay contest on the subject "What Citizenship Means to Me": First, Annabeth Fadenrecht; second, Linda Gardner; third, Pamela Kennedy; fourth, Gladys Knouse; honorable mention, Dennis Smyers, and merit awards to John Roy Diehl, Courtney Bolger, Gary Black, Barbara Ann Lerew, Kathy Hardy, Stephanie Rolker and Sandra Row.

ATTENDANCE AWARD

Charles Phillips, the elementary principal at East Berlin, presented the awards and introduced the Sixth Grade teachers: Mrs. Garnet Coble, Claire Bricker and Bennie Fadenrecht.

The elementary chorus under George Boyer sang two selections with Kathy Hardy as accompanist. Senior Girl Scouts led the flag ceremony and U.N. flags for the ceremony were loaned by Gettysburg College library.

The attendance award went to the homeroom of Mrs. Virgil Mulkey which had 53 per cent of the parents present. Supervising Principal Amos D. Meyers announced adult education courses starting last Tuesday of January at the high school. He said courses in basic psychology and typing are to be given but more enrollments are needed for the arts and crafts courses.

Mrs. Frank Myers said a fall banquet will be an annual event and will be held November 3 in connection with a bazaar. Opening devotions were conducted by Rev. Ray Jones, Lutheran pastor.

Mrs. Amos Meyers was program chairman. Hospitality committee members included Mrs. Ervin Harbold, Mrs. Dale Williams and Mrs. Lorraine Hayes. Hostesses were Mrs. E. Tanner, Mrs. David Smiley, Mrs. Carl Wagner, Mrs. Albert Bosserman and Mrs. Irvin Christner.

Given More Time To Celebrate Quads

ROCHFORD, England (AP) — Ronald Meacham, 28, has won legal sanction for a late night feast to celebrate the birth of quadruplets to his wife.

Meacham wants his party to go on at the Woodcutters Arms, the local saloon. The magistrates granted a 75-minute extension on the normal closing time.

The barbecue Thursday night will feature a whole pig, three dozen chickens and a quantity of hams. Mrs. Meacham and the week-old quads — Christopher, Yana, Lucille and Edward — are still in the hospital.

BELIEVES GOP CAN WIN 2 TOP STATE OFFICES

WASHINGTON (AP) — Chances of electing a Republican governor and senator in Pennsylvania this year are excellent, says Sen. Hugh Scott, R-Pa.

Scott told a news conference Tuesday "the political climate is such" the GOP can win if it selects candidates "who have the capacity to do the job and the personality to attract voters."

The senator said he has heard "some influential Pennsylvania Democrats" say the same thing.

Scott mentioned Rep. James E. Van Zandt, Altoona Republican, and Thacher Longstreth, 1955 GOP candidate for mayor of Philadelphia, as Republican possibilities for the senatorial nomination.

CAN BEAT CLARK

Scott said Democratic Sen. Joseph S. Clark, who will be seeking re-election, will wage a vigorous, forceful campaign and will have the advantage of being the incumbent.

"But," said Scott, "the Republican National Committee has listed him as one of three Democratic incumbents they are most hopeful of beating."

Scott said Van Zandt and Longstreth are "convinced they have at even or better chance of winning for the Republicans."

Elkins Wetherill, Montgomery County commissioner, and state Sen. William Z. Scott, R-Carbon, are among candidates for the GOP gubernatorial nomination so far.

A citizens committee was formed last week to work for the nomination of Walter Alessandro of Philadelphia as the GOP candidate.

FIRST HEAD OF KOREAN JUNTA DOOMED TO DIE

SEOUL, South Korea (AP) — Chang Do young, first titular head of the junta that toppled civil rule in South Korea, was convicted today of plotting against the military government he headed. As expected, the revolutionary tribunal set up by his former colleagues sentenced him to die on the gallows.

Chang, the army chief of staff at the time of the May coup and a hero of the Korean War, agreed only after the coup was an accomplished fact to head the ruling junta and take the country's premiership. Throughout his two months in office the real power was held by Gen. Chung Hoo Park, the leader of the coup who replaced Chang as head of the junta.

AIDE IS DOOMED

Condemned to death with Chang on similar charges of counterrevolutionary activity was his former secretary, ex-Col. Lee Hoi Yung. The five-man tribunal also ordered life sentences for four defendants, including two former junta members; gave prison terms ranging from 5 to 15 years to nine persons and acquitted nine others.

Death verdicts automatically go to an appeals court. If upheld there, they must be reviewed by Gen. Park.

The revolutionary prosecutor called Chang "a sly, base opportunist" and accused him of playing both sides of the fence.

BLOCKED FORCES

He said Chang sent military police to the Han River bridge May 16 to block coup forces from entering Seoul to oust the elected government of Premier John M. Chang. After he joined the junta, the prosecutor charged ChCang condoned efforts of his followers to take over the government by organizing a factional group based on "provincialism" and other personal connections.

The two former junta members given life sentences were Col. Park Chi-ook, commander of the paratroop unit that spearheaded the coup, and Col. Moon Jai-joon, army provost marshal after the coup.

The military government announced the suicide of another leading official accused of conspiring against it. It said Wi Chung-yon, 47, director of the Justice Ministry's prosecution administration, slashed his throat Dec. 24 while under investigation as a suspected North Korean spy.

Harrisburg Man Is Killed In Crash

DUNCANNO, Pa. (AP) — Ralph L. Crow, 58, of Harrisburg, was killed Tuesday night when his car smashed into a huge tractor-trailer, then plunged head-on over a steep embankment.

State police, and Duncanno firemen spent several hours trying to free Crow's body from the entangled wreckage.

The truck also upset after the crash, but both the driver and his passenger escaped injury.

The accident occurred along Route 11-15, about one mile south of Duncanno in Perry County.

Make-up Issues Of Congress

By THE ASSOCIATED PRESS

WASHINGTON (AP) — Here's a rundown on the second session of the 87th Congress convening at noon today:

EXPECTED BIG ISSUES

Medical care for the aged under Social Security.

Proposed purchase of \$100 million in U.N. bonds, mostly to help finance U.N. operations in Congo.

Tax revision to encourage business investment and combat unemployment.

Some federal aid to education. Revision of farm programs, covering several commodities.

The usual rows over spending and foreign aid.

THE LINE-UP

PRESIDENTIAL MESSAGES

State of the Union — Kennedy delivers this message in person to joint session at 12:30 p.m. Thursday.
